GYOKUSENDO PEAK WHISKY

This small-batch whisky is a blend of imported malt and some grain, lending it both a rich and round flavor as well as a sharp, bright finish. The soft subterranean water provides the whisky's gentle, velvety texture, allowing this 86 proof whisky to perform very well in cocktails.

SASAKAWA FINE WHISKY

A masterful blend of malt whisky and grain whisky, both aged in bourbon barrels imported from the USA and put to rest for a minimum of three years. Easy to drink and very well balanced, the whisky has a bold, smokey character and a mellow aftertaste. Perfect by itself, but does well on the rocks or as a cocktail base as well.

SASAKAWA PURE MALT WHISKY

The whisky itself is astonishingly light, smooth and soft, with a hint of peaty smokiness hiding beneath sherry savor. The nose hints at Creme Brulee, far-off nighttime campfires, and a whisper of a freshly opened old book.
